

Radio brings it *MAGNAVOX* tells it

TO make your receiving set really complete, equip it with a Magnavox Radio—the Reproducer Supreme.

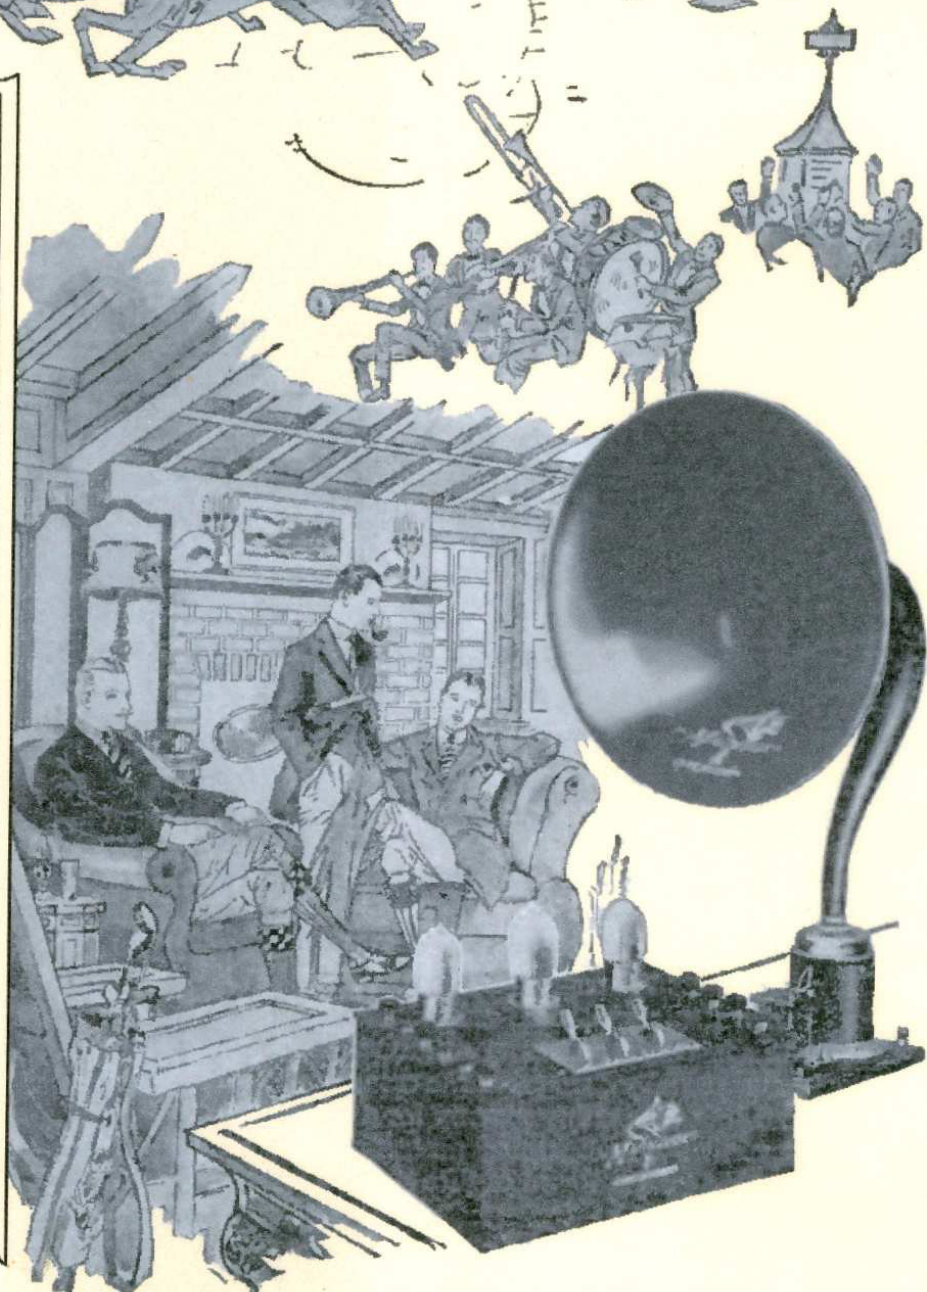

The electrodynamic principle involved in its construction, makes the Magnavox Radio a most efficient converter of electrical energy into sound waves.

With either type Magnavox Radio the hook-up is as simple as connecting the ordinary head receivers.

R-2 Magnavox Radio with 18-inch horn: this instrument is intended for those who wish the utmost in amplifying power; for large audiences, dance halls, etc. \$85.00

R-3 Magnavox Radio with 14-inch horn: the ideal instrument for use in homes, offices, amateur stations, etc. \$45.00

Model C Magnavox Power Amplifier insures getting the largest possible power input for your Magnavox Radio. 2 Stage . \$80.00
3 Stage . 110.00
